Solutions for Logistics & Packing

With over a decade of experience in China, Asiapack offers packing, co-packing, stock, and logistics services to customers from all over the world.

No matter where you source your products, we offer personalised thermoformed blisters, printing materials for packaging and ready-to-sell POS displays. Our dynamic team can organise efficient assembling, packing, co-packing and provide warehousing and logistics services according to your needs. In addition, our **Web-tracking** system allows up to date order follow-up.

Asiapack is certified to ISO 9001:2000 for Quality Management Systems. We are also SA 8000 compliant for Social Accountability Management.

Pack your widely sourced items under your desired brand and packaging

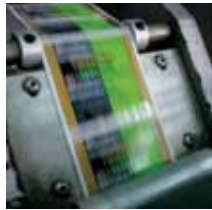

Asiapack offers packaging design & consultation, printing, manufacturing, final assembly and co-packing.

PACK

Packaging Consultation

- Graphic design
- Space & cost optimisation
- Packaging function optimisation
- Environmentally-friendly solutions

Printing

- Bar code printing
- Printing of various materials
- Quality Control for colour consistency

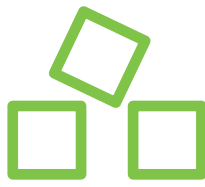

Manufacturing

- In-house thermoforming & plastic injection
- Customised blisters
- Plastic plates (for heavy products)
- Ready-to-sell POS displays

Assembly, Packing and Co-packing

- Kitting
- Flexible product customisation
- Quality Control for overall packaging consistency

Stock your items until packaging customisation and shipment is needed

Asiapack stocks your products and organises them into various types of packaging. Your products can even be packed upon last-minute notice.

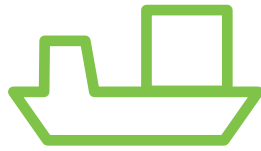

STOCK

- Safe and secure warehousing
- Online web-tracking
- Efficient stock and supply management
- Advanced Warehouse Management System (WMS)

SHIP

Ship your packed items to your final destination

Asiapack ships directly to your final destination under your own brand name and shipping marks

- Re-issuing of Form A & Certificate of Origin (C.O.)
- Able to re-export worldwide without the need of export licences
- Great proximity to Hong Kong & Shenzhen ports

Located in Shenzhen Export Processing Zone (EPZ) - a customs bonded area considered an export area - Asiapack can receive and store products from anywhere before re-exporting them.

This means:

- Immediate Tax Refunds for Suppliers
- No Customs Duty for non-China made products
- No Supplier-Client Tracking
- No Export Licensing Issues
- You Enlarge Your Supplier Sources
- You Create Your Own Brand Name Instantly
- Reissuance of Form A and C.O.
- Enhancing Stock and Supply Management
- You Benefit from our European Management: a quality-oriented and socially-ethical partner
- Assurance of an additional Quality Control tier
- You can enjoy our Logistics Services
